Docket No. 2006-0386

ORDER GRANTING HAWAIIAN ELECTRIC COMPANY, INC.'S
MOTION TO ADJUST INTERIM INCREASE FILED ON MAY 21, 2008

By this Order, the commission grants HAWAIIAN ELECTRIC COMPANY, INC.'s ("HECO") Motion to Adjust Interim Increase, filed on May 21, 2008 ("Motion"), and therefore approves an adjusted 2007 test year interim increase of \$77,867,000 over revenues at the final rates implemented in Docket No. 04-0113, HECO's 2005 test year rate case.¹ In addition, the commission approves the revised tariff sheets filed by HECO on May 28, 2008, which reflect the adjustments requested in the Motion. Accordingly, the revised tariff sheets shall take effect upon the issuance of this Order.

I.

Motion

By Interim Decision and Order No. 23749, filed on October 22, 2007, the commission approved, on an interim basis, an increase in HECO's rates to such levels as will produce, in the aggregate, \$69,997,000 in additional revenues, or

¹See Exhibits A and B, attached hereto.

4.96 per cent over revenues at current effective rates for a normalized 2007 test year.² In the Motion, HECO requests the commission to approve an adjustment to the interim increase, from \$69,997,000 over revenues at current effective rates to \$77,867,000 over revenues at the final rates implemented in Docket No. 04-0113 (HECO's 2005 test year rate case), to be effective on the same date as approval of HECO's revised tariff sheets and rate schedules filed in Docket No. 04-0113. In support of its Motion, HECO asserts that the adjustment is necessary in order to tie the interim increase to the new rates being implemented in Docket No. 04-0113. Specifically, HECO explains:

The amount of the interim revenue requirement for the 2007 test year stipulated to by the parties in Docket No. 2006-0386 would remain the same, but the amount of the interim increase over the revenues from the new base rates in Docket No. 04-0113 would need to be adjusted to obtain the stipulated revenue requirement of \$1,480,454,000 for the 2007 test year.

By Stipulated Settlement Letter filed on September 6, 2007, the parties agreed that the amount of the interim rate increase for the 2007 test year to which HECO is probably entitled under Hawaii Revised Statutes ("HRS") § 269-16(d) is \$69,997,000 over revenues at current effective rates (and \$127,293,000 over revenues at present rates). Revenues at "current effective rates" are revenues from the base rates in effect prior to Docket No. 04-0113, plus the interim rate increase approved by the Commission in Interim Decision and Order No. 22050 ("Interim D&O 22050"), issued on September 27, 2005, in Docket No. 04-0113, and the

²The parties to this proceeding are HECO, the DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS, DIVISION OF CONSUMER ADVOCACY ("Consumer Advocate"), and the DEPARTMENT OF THE NAVY ON BEHALF OF THE DEPARTMENT OF DEFENSE ("DoD") (collectively, "Parties").

interim surcharge for distributed generation ("DG") fuel and trucking and low sulfur fuel oil ("LSFO") trucking ("DG/LSFO Fuel and Trucking Interim Surcharge") authorized in Order No. 23377 (April 23, 2007) in Docket No. 04-0113. Revenues at "present rates" are revenues from the base rates in effect prior to Docket No. 04-0113, without including the interim rate increase and interim surcharge revenues. The interim increase of \$69,997,000 over revenues at current effective rates and the interim increase of \$127,293,000 over revenues at present rates result in the same level of interim revenue requirement (\$1,480,454,000).

By Interim D&O 23749 in Docket No. 2006-0386, the Commission approved, on an interim basis, HECO's request to increase its rates to such levels as would produce, in the aggregate, \$69,997,000 in additional revenues, or 4.96 per cent over revenues at current effective rates for a normalized 2007 test year. Interim D&O 23749 recognized that the parties also agreed that the "final rates set in Docket No. 04-0113 may impact revenues at current effective rates and at present rates, and that the amount of the stipulated interim rate increase should be adjusted when the final rates are set to take into account any such changes."

The amount of the interim increase over the final rates to be implemented in Docket No. 04-0113 that is necessary to produce the stipulated level of interim revenue requirement in Docket No. 2006-0386 is \$77,783,000.

In addition, given the Commission's decision in Docket No. 04-0113 to adopt interest synchronization as the mechanism for determining interest expense in HECO's 2005 test year rate case, the parties agree that interest synchronization should also be used for the purposes of calculating the interim adjustment requested in this motion. The revenue requirement impact of incorporating interest synchronization for the adjustment to the 2007 test year interim increase is \$84,000. Therefore, HECO respectfully requests that the Commission approve an adjusted 2007 test year rate case interim increase of \$77,867,000 over

revenues at the final rates implemented in Docket No. 04-0113, to be effective on the same date as the final rates in Docket No. 04-0113.³

In addition, HECO notes in the Motion that the Consumer Advocate and the DoD have reviewed the calculation of the adjusted interim rate increase, and agree that it has been correctly calculated.

Upon review, the commission finds that HECO's proposed adjustments to its interim surcharge, as set forth in the Motion, are reasonable. As recognized by the commission in Interim Decision and Order No. 23749, when the Parties entered into their Stipulated Settlement Letter agreeing to HECO's interim rate increase, they also agreed that the "final rates set in Docket No. 04-0113 may impact revenues at current effective rates and at present rates, and that the amount of the stipulated interim rate increase will be adjusted to take into account any such changes."⁴ Under the circumstances, and based on the support provided in the Motion, it is fair and reasonable to approve the proposed adjustments to HECO's 2007 interim increase, as set forth in the Motion and in Exhibit A and B, attached hereto.

In addition, the commission approves the revised tariff sheets filed by HECO in this docket on May 28, 2008, which reflect the adjustments requested in the Motion. The revised tariff sheets shall take effect upon the issuance of this Order.

³Motion at 1-3 (footnotes and internal citations omitted).

⁴Stipulated Settlement Letter filed by the Parties on September 6, 2007, at 3.

HECO shall promptly file copies of its revised tariff sheets, with the applicable effective dates.

The commission further notes that, by separate order in Docket No. 04-0113, which is being issued contemporaneously with this Order, the commission approves final rates for HECO, as set forth in its revised tariff sheets and rates schedules, filed on May 21, 2008, in Docket No. 04-0113. Thus, the approval herein of the adjustments to HECO's 2007 interim surcharge shall be made effective at the same time as the approval of final rates in HECO's 2005 rate case.

II.

Orders

THE COMMISSION ORDERS:

1. HECO's Motion to Adjust Interim Increase, filed on May 21, 2008, is granted, and the adjustments set forth in the attached Exhibits A and B to HECO's 2007 test year interim rate increase, are approved.

2. The revised tariff sheets filed by HECO on May 28, 2008, which reflect the adjustments requested in the Motion, are approved and shall take effect upon the issuance of this Order. HECO shall promptly file copies of its revised tariff sheets, with the applicable effective dates.

3. Pursuant to the commission's contemporaneously issued order in Docket No. 04-0113, which approves HECO's revised tariff sheets and rates schedules for its 2005 test year rate case, the adjustments to HECO's 2007 interim surcharge approved

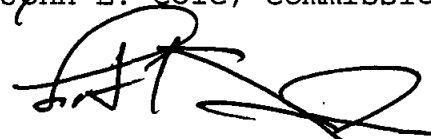

herein shall be made effective at the same time as the approval of final rates in Docket No. 04-0113.
